Higher Education Admission Requirements

In 2003, the Colorado Commission on Higher Education adopted the Higher Education Admission Requirements which are entry requirements for students planning to attend any of Colorado's public four-year colleges or universities.

In addition to the Higher Education Admission Requirements, students must also meet the Admission Eligibility Index.

Meeting the Higher Education Admissions Requirements and Admission Eligibility Index does not guarantee admission to a four-year public institution. Colleges and universities may have additional requirements. University of Colorado Denver reviews each file individually for an admission decision.

The Colorado Department on Higher Education does not review individual high school courses to determine whether or not they meet Colorado's Higher Education Admissions Requirements. Because local school districts in Colorado oversee their high school curricula and colleges and universities establish their own entrance requirements, it is their discretion to determine what coursework meets the Higher Education Admission Requirements.
